

Introducing our new Industrial Systems Range

Industrial Computers Limited are pleased to announce the release of a new range of Industrial computing solutions. This new range of systems have been designed with long-life (5-7 years) and have full revision control as standard. Available in 1U, 2U, 3U & 4U, supporting our latest long-life Motherboards and Single Board Computers. These new solutions are ideal for any application and market.

Quite simply: You Specify the System, we Integrate the Solution

ICOM160 1U

ICOM160

- Onboard Intel® 4th Gen Intel® Core™ i3/i5/i7 support
- 1 x PCIe or PCI expansion slot
- 2 x full height 5.25" front drive bays
- 5 to 7 year product availability
- Up to 16Gb DDR3 1600MHz memory
- Operating 0°C ~ 60°C temperature range
- Locking drive bay doors, front USB ports
- Fully customisable

ICOM206 2U

ICOM206

- Onboard Intel® 4th Gen Intel® Core™ i3/i5/i7 support
- 4 low profile expansion slot
- 1 x 5.25" & 3 x 3.5" front drive bays
- 5 to 7 year product availability
- Up to 16Gb DDR3 1600MHz memory
- Operating 0°C ~ 60°C temperature range
- Only 15.6" deep, with front USB port
- Fully customisable

Why buy from Industrial Computers Ltd

We are a chassis manufacturer, systems integrator and solutions provider. One of our many strengths is that we have independent choice of product throughout the marketplace. This approach provides us with the flexibility to offer our customers the optimal product for their requirements.

With a Pan-European presence and offices in England and France, Industrial Computers specialises in the design and manufacture of Mission Critical Applied Computing Platforms. Serving markets including telecommunications, broadcast, military, transportation, industrial and medical, we work closely with our customers to conceive and manufacture the system their market and application requires.

- Commercial of the shelf (COTS) industrial computing systems
- Custom designed industrial computing systems
- Fully integrated/tested rackmount systems
- ISO9001: 2008 & ISO14001: 2004 approved facilities.
- Design & Manufacturing facilities in the UK and France.
- Typical lead times of 2-3 weeks for fully configured systems.
- Full revision control and serial number traceability.
- 5 -7 years and beyond longevity of supply.
- In-house temperature test chamber
- ETL approved products

All systems are fully configured & integrated to our customer's specifications including:

- Memory
- HDD/SSD
- Operating System
- Application Software
- PCI/PCIe card Installation

Military Platforms & Switches

Mobile Computing
